Gifts of Securities

A stock contribution is valued based on IRS regulations. The value is determined by the mean of the high and low value of the security on the day it is credited to a TCF brokerage account or the day that the certificate is in the custody of TCF.

DTC transfers of securities are received anonymously. To track the gift's arrival and ensure that it is credited properly, please notify your TCF fund liaison of the following prior to stock transfer:

- Donor's name and contact info
- Broker's name, firm and contact info
- Name of stock and number of shares transferred
- Date or proposed date of transfer
- Name of TCF charitable fund to receive the transfer

After receiving the gift by stock transfer, TCF will initiate a sale of the stock and a check for the proceeds will be deposited in our bank account and recorded within 7-10 business days.

Cash Wire Transfers

When wiring cash, please contact your TCF fund liaison in advance to ensure the gift is properly identified. We need the following information prior to wire transfer:
