PRESS RELEASE

Triangle Community Foundation creates an information sharing webpage connecting immediate disaster-related needs from local nonprofits with donors

Research Triangle Park, September 19, 2018: Triangle Community Foundation has created an information sharing webpage that will connect donors directly to local nonprofits who are seeking funding, resources, and volunteers in the wake of Hurricane Florence. Due to the outpouring of requests for this service from our local nonprofit partners, and the Foundation's unique local perspective, they have launched this platform this morning.

Nonprofits located in the Triangle who are interested in sharing their immediate disaster-related needs are asked to fill out [this form](#). Foundation staff will update the information received daily on their website [here](#).

Donors wishing to support the local needs of our nonprofits in their disaster recovery efforts can view the list [here](#), and make donations directly to the organizations listed, or if they are Foundation fundholders through a grant from the fund they manage. The Foundation continues to recommend grants to the larger organizations doing work state-wide as well. That information can be found [here](#).

Triangle Community Foundation is building a brighter future for everyone in the Triangle. By working with dedicated donors and strong nonprofits, we are able to guide gifts in a strategic way to fill in gaps, reduce inequities, and solve the region's most pressing challenges. Since 1983, we have envisioned a Triangle that works together so everyone can thrive. Learn more at www.trianglecf.org
