What is Legacy?

Legacy is about life and living. It's about learning from the past, living in the present, and building for the future. The Foundation celebrates individuals and organizations whose legacy is clearly for good. Amazing people who recognize that life is worth living only when we can "stop one heart from breaking, one life from aching" (Emily Dickinson).

It was the vision of our Founder, Dr. George Hitchings, that inspires us to work to make this community a place where everyone can thrive, and that goal has been at the forefront of our work for the last 35 years. Doing good is not a one-size-fits-all proposition. We know that you want to care for and protect others and help improve our community, each in your own way.

What will your legacy be? What good do you hope to accomplish during your lifetime and beyond?

We can help you craft your vision of a thriving Triangle. Join us!

Dr. Phail Wynn Jr., 1947 – 2018

Phail was beloved by so many in our community. He worked tirelessly throughout his career to ensure that our local nonprofits worked together to achieve successful outcomes for all of our residents. He was the ultimate leader and a mentor for everyone who worked with him — sharing his dedication, knowledge, and passion for our community.

A friend and colleague to our staff, Board, and Leadership Council, Phail shaped much of our direction and focus. As a dedicated supporter of our work and George Hitchings' vision, he served as chair of our Board and Leadership Council, and he also led the Foundation as interim President on two separate occasions.

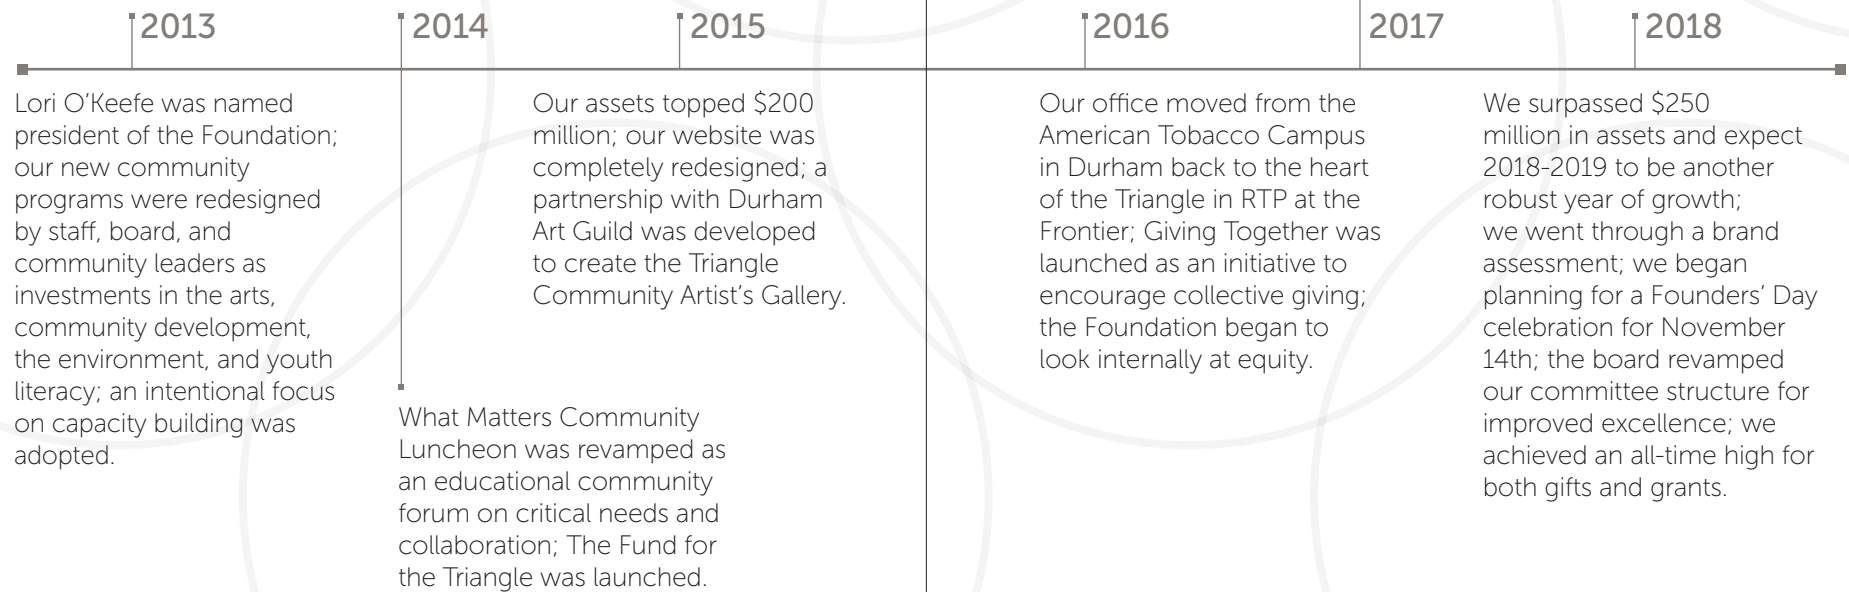

Phail always knew what he wanted his legacy to be. His constant emphasis on looking to the future, ensuring we, as a community, were building bridges and putting aside differences to make this region a great place where everyone could succeed, was admirable and contagious. We at the Foundation will continue his legacy and the legacy of our founder, Dr. George Hitchings, each and every day.

Phail left a huge mark on our culture and our hearts, and we will always love him madly.

In Memory

Since the Foundation celebrated our 30th anniversary in 2013, we have grown and changed along with the community we serve, working together towards a shared vision of the Triangle.

Major Milestones

Growing Together

Let's Work Together: Fund for the Triangle

The Foundation is committed to making our region a community of thriving people and vibrant places. And because the resources, partnerships, and action needed to move the needle on these issue areas are far greater than we can do on our own, we need your help. Our Fund for the Triangle supports our focus areas in community development, youth literacy, cultural arts, and the environment by providing permanent funding to address these pressing needs now and for generations to come. Over the last five years, we've granted more than \$3.6 million to 125 organizations through this fund. **With your support, we can ensure that everyone in our community can thrive.**

About the Foundation

Triangle Community Foundation is building a brighter future for everyone in the Triangle. By working with dedicated donors and strong nonprofits, we are able to guide gifts in a strategic way to fill in gaps, reduce inequities, and solve the region's most pressing challenges. Since 1983, we have envisioned a Triangle that works together so everyone can thrive.
